CEO & Chairman, W. Richard Ulmer stated: "IVRO is disappointed by our recent 3 months sales. In examining quarters in recent years, we did not find 3 consecutive months such as these. Therefore, IVRO looks forward to a strong finish to FY '26. We are enthused to read that FDA, EPA and other U.S. Government Regulatory Agencies recently stated their hope for more NON-animal tests done in future submissions, more humane treatment of animals."
